

Participate, speak Dutch!

Want to improve your Dutch? Would you like to have more contact with Dutch people? Do you live in Beek, Schinnen, Sittard-Geleen or Stein?

In that case contact Taalontmoetingen. Email: info@taalontmoetingen.nl

Learning Dutch

Every week you will meet your language coach and you will speak Dutch together. Usually your language coach visits you at your home, sometimes you meet the language coach in the library or somewhere else.

You will notice that your Dutch is improving.

You will meet new, interesting people with whom you can talk Dutch and do language exercises.

Learning with a purpose

The language coach works together with you towards a specified goal. For instance, would you like to visit your doctor to tell him where you have pain? Or would you like to start doing (volunteer) work, but do not speak Dutch too well? Then sign up at Taalontmoetingen .

Learning a language together is fun and educational!
